Feeling Our Way

Event Series

Easy Read Information
Feeling Our Way is a series of events.

The events are co-curated by Touretteshero and Wellcome Collection.

Touretteshero is a disabled-led organisation.

Touretteshero’s mission is to create an inclusive and socially just world for disabled and non-disabled people.

The Feeling Our Way events are about touch.
Feeling Our Way will focus on the experiences of disabled and neurodivergent people.

The programme will explore how we experience different types of touch in our lives.

Some of the content will be in-person at Wellcome Collection.

Some of the content will be online or be things you can do from home.
There will be different ideas and themes to explore throughout the programme including:

- **Social touch**
- **Intimacy**
- **Care**
Access information for each event will be available on the Wellcome Collection events page.

If you have any questions about access please email us:

access@wellcomecollection.org

or call 020 7611 2222
The first event is called **Reaching Out**.

It will take place on **Saturday 5th March**.
